1. I do NOT agree that a person should be able to request end of Life assistance from a medical practitioner. Therefore to the following questions numbers 2,3,4,and 5 the answer is NO.

I do have compassion for suffering people. I have cared for and looked after till their natural death, their last breath my Mother of ninety years and two of my brothers. I got help from the medical profession to do this. They died at the end of their natural lives noble deaths, deaths with real dignity.
