End of Life Assistance (Scotland) Bill

I am writing on behalf of my wife, Mary Catherine Logue, and of myself, Lawrence James Logue.

- we are especially concerned about the effect the Bill, if enacted, could have on the way our society views people with disability.

A bewildering and frightening inconsistency already exists in the attitude to disability. On the one hand, children and adults who are disabled are nowadays offered opportunities and given levels of support that would have been unthinkable even a few decades ago – what a wonderful change for the good!

On the other hand, the disability discrimination act *par excellence* must be the permission that is granted by current UK legislation for the abortion UP TO BIRTH of unborn children who are disabled.

Margo MacDonald, no doubt unwittingly, is encouraging ‘the other hand’ … the dead hand.
