eat wisely.

Mrs C Pickett

Grocery list:

Ela Bill committee,

As far as I am concerned that if this bill were passed it would harm people if they were ill. They would fear that they might have to accept assisted suicide.

Things to Do: If someone wants to have assisted suicide why don't do what others have done and arrange it for themselves, with family, health or human being who are in this world.
until God takes up, and no one has any right to do otherwise.

So I do not approve of this Bill and trust that many people will vote against it.

Yours sincerely

C Pickett
