31-11-10

Dear E.H.A. Bill Committee,

I write to oppose the
End of Life Bill due to be
voted on.

Life is very precious & the
professional medical bodies
do not support assisted
suicide. The Bill places responsibility
for providing E.H.A. on the
shoulders of doctors.

We have very good doctors
at Hospice, who look after
the end of life.

Yours sincerely

Doreen Keimath
